Stage Diagram Companion Key

In order to assist you in your completion of the stage we have standardized our commonly used Stage Pieces. Please refer to this key when drawing your Stage Diagram so that our Stage Staff can best reference and read your Stage Diagram:

- Podium:

- Table:

- Chair:

- Microphone:
  - Note: Microphone symbols can be placed on top of tables, chairs, or podiums to indicate that you would like one there.

- For any other objects, you may draw them as you please. We just ask that you label them clearly and try to take into account relative sizing.
